

## **THE PERFECT MINDSET VIRTUES**

### **LOVE**

Feel love for yourself and what is outside yourself. All of the levels and interconnected systems, everything. Love God (everything).

### **CLEAR VISION**

See everything as close to its true reality as possible. Know your true desires and any limiting beliefs which are in your way of achieving them. But also know your limitations in seeing clear vision.

### **BE OPEN TO PERFECTION**

Be open to achieving your true desires. By being open to them you are sending a message to all of the other connected systems and levels of your wishes. But at the same time do not be bound by your version of good. For what God (the overall system) has in store for you could be greater than you could ever imagine.

### **YOU ARE READY NOW**

You are ready now to live a life of perfection. You are ready now to live your true desires which are possible in the present moment. You have many true desires which you can have now, most of our deepest desires can be fulfilled now. Those which cannot, can be worked towards while living a perfect moment.

### **SURRENDER TO THE CHAOS WITH FAITH**

Surrender to the unknown, what may seem like chaos, towards your true desires. All the while have faith that you will eventually see the order.

### **DISCOVER THE FLOW STATE**

Discover the flow state which leads you towards your true desires. Sometimes the flow will lead you away from what you seek as it is not your true desire, or because you are not yet ready for a particular true desire. Other times you will find the flow state allows your true desires to manifest seamlessly. Work towards the flow state of achieving your true desires. Once you are in the flow state, enjoy the gifts of the universe and of your true desires for as long as they are your true desires. This will keep you in the flow state. For when you enjoy the gifts given to you, the universe realises that you are ready for your true desires and will

send you more. When you stop enjoying these gifts or you refuse them, the universe will believe they are no longer your true desires, or you are not ready for them after all and you will no longer remain in the flow state when it comes to easily manifesting this desire.

### **UNCOVER THE GREATNESS**

Uncover the greatness in the world. Uncover your true desires in this moment.

### **SEE THE ORDER**

See the order. How everything has worked out perfectly, and that even when there were times which appeared like chaos, there was actually order.

\*When all of the above steps are followed, one is self-actualised.
